

INSTITUTIONAL DISTINCTIVENESS

“WOMEN EMPOWERMENT”

The most indispensable tool for women empowerment is education. More than 90% of the students studying in the college are from rural background. Educational achievements of students can bring out their uniqueness in all spheres of life. Students can update with skills and knowledge by learning various Certificate Courses, Add-on Courses, Diploma courses, Skill Enhancement Courses apart from their regular curriculum. Online exams are conducted to train the Students to face online Competitive Examinations.

The values of imparting societal conscience and insisting on protesting domestic violence are taught to students through the course on Peace Education. YWED Centre creates Economic empowerment of women and assist to make a right decision, to increase self-confidence, and to provide better status in the society. Every student inside the college campus is with great safety and security. CCTV cameras are fixed in almost all the areas to monitor the activities.

Awareness on the rights and duties which support the social upliftment of female students are facilitated through women sensitization programmes. Babies, Toddlers and young children of the students and staff employed are taken care in the Day Care Centre (Creche). Transport facilities are provided to the rural students upto 70 kms in and around Sivakasi for easy access to the campus. Seminars /Conferences are organised to provide a platform to present student's Research and Innovative ideas .

Communication skills of the students are developed by organizing Bridge Courses and by conducting Expressive Articulation Session. Linkage with Institute of Language Management, Bengaluru and Striplings are made to develop the personality of the students. Counselling is given to the students to overcome the hurdles they face in their life. Meditation classes & Samathuva prayers are conducted by the College Union on every Fridays to enhance concentration power of the students
